IDAHO CAPITOL RESTORATION 2001 - 2005

(Bulletin for Statehouse, Capitol Mall Employees March 5, 2002)

Department of Administration

Construction Update No. 30

Concrete Forms are Built; the Scaffolding is Going Up...

Workers from McAlvain Construction have built the forms (photo at right) for the support beams and platform that will be the base for the new West Steps. Workers from TMC Masonry are setting up the scaffolding on the south side of the Capitol (photos below right and left) and will start cleaning the south side of the building along with grinding out old joints, which may be a little noisy. As you can see, Phase One work continues on the State Capitol.
